SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1. Please your title needs to have a focus 2. There is need to follow the quotation format either APA or Harvad! Check the journal template please 3. Table one might not be really necessary as you have many tables that needs to be included, the rule of the thumb in a journal is that tables must not be more than 3. Just explain the content 4. Table 4,5,6, have not been explained yet they reflect more important answers to qualify your title. Please explain each one, how and what are the key results. 5. Your discussion is like phase two data presentation, there is lack of comparisions, lack of implications and consequences of your key variables under discussion, please readdress this area.	
<u>Minor</u> REVISION comments	1.You have too much subtitles can you please reduce to give the weighting of your scholarly paper. 2.under each table, there is under-script, please this must have reduced font to show articulation of the table contents	

SDI Review Form 1.6

<u>Optional/General</u> comments	This is a very important paper for students in the university, as they are young adults away from control of parents with much free life!, use of contraceptive, is very important.
