SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The introduction part is lack of logic. It should provide a brief context and justification regarding what is known and what you plan to do; it should not be an exhaustive review of the literature. There are some typewriting errors, probably occurred in the transfer process, for example, "00C" should be "0°C". Please check. There are some grammar mistakes in the article. The level of English throughout your manuscript should be improved. Some indirectly related or unimportant reference is cited in this paper. Please check and revise accordingly.	1. It is essential to provide a thorough review of literature so that the aim of the present study and its scope can be appreciated. 2. All typographical errors have been corrected. The grammatical mistakes have also been corrected.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
