SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article was poorly written, could not clearly explain the scientific basis of the products. A chemical equation should have been proposed to explain the findings. It was technically difficult to follow the arguments on the comparison with the standard surfactants. The format of the journal didn't seem to be followed ie Title, Abstract, Introduction, Materials and Method, Results and Discussion, Conclusion, References. The references should be complete for the all the entries by giving the titles of the articles as they appear in the source.	
Minor REVISION comments		
Optional/General comments
