

SDI Review Form 1.6

Journal Name:	International Research Journal of Pure and Applied Chemistry
Manuscript Number:	2015_IRJPAC_16772
Title of the Manuscript:	Antitumor activity of some metal complexes I. Cytotoxic activity of Bis(L-glutaminato) Tetrachloropalladate (II)
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Title of the manuscript is not appropriate with the text. As the title is Antitumor activity of some metal complexes, only ames test is included but ames test is not a kind of antitumor activity test. For antitumor activity, authors should do their experiments using cancer cells and treat cancer cells with the compounds, apply cytotoxicity tests and then get their results as antitumor activity. So title of the manuscript can be changed as mutagenic effects of some metal compounds... Even synthesis and characterisation of the complexes given shortly in the text, there is not any images or tables representing the characterization of the complexes synthesised. Data should be added. Discussion part is too short and insufficient. This part should be rewritten.	As we said before, this is a short study and we will complete the study in the future. (The cytotoxic properties of the complex in mammalian cells are under study.) page 3. This is a short study and we will complete the As we said before, this is a short study and we will complete the study in the future.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
