SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's commentive	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	-Absence of insulin and oxidative stress parameters although it is mentioned in the discussion . -references neither efficient nor updated	The author is not tested the insulin and oxidative stress parameters. So that line may be removed from the discussion part which is presented in the fourth line of the paragraph 3.2(Effects on blood glucose). Recently published journals were referred and included some points in the manuscript.
<u>Optional/General</u> comments	It is well done work and accepted if the observations taken in consideration	The author has mentioned the corrections and highlighted it by yellow color .
