PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	This paper is good, needs little correction that are shown in the text	I agree with the reviewer's comments, and I have corrected all parts shown in the text as per the comments.
<u>Optional/General</u> comments	In figure 3 which may explain why the author selected the 10-year period is to see the influence or action Pacific Decadal Oscillation (PDO), which influences other thing is the statistic used very simple to climatic trend checking, other techniques would be more Guides to verify this. Like the results on the influence of agricultural techniques to increase marketing. This is good paper simple but important regional character assessment.
