

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Journal of Agriculture and Ecology Research International
Manuscript Number:	Ms_JAERI_20016
Title of the Manuscript:	Diagnosis of soil fertility and nutritional status of the olive tree in central Morocco
Type of the Article	

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
1- Conclusion is very long and you must shorten it in defined points. 2- Please add references to leaves analysis 3- The references in this paper are very ancient so, the author should renew them as possible from 2005 until now. 4- In results and discussion part where is the discussion for all of these: Age . Driving Mode Density Intercropping Fertilization Variety Yield Assessment of soil fertility of olive orchards sampled Organic matter content Active limestone content pH The discussion is very poor so, the author should provide us by discussion for every part of the above mentioned parameters. 5- The abstract is longer than the introduction so you must shorten it and increase the introduction.(not logical) 6- How you made your statistical analysis and what the programme which you used to perform it. Excel programme is not specialist in the statistical analysis. 7- When you put the references in the paper in figures, it is	- All comments were taken into consideration - For publications in French, we should just add "french" at the end (See SDI_Paper Template_2003): Forneau E, Bovet D. Recherches sur l'action sympathicolytique d'un nouveau dérivé du dioxane. Arch Int Pharmacodyn. 1933; 46:178-91. French. - Effectively, several references used for this article is older than 2005, but these are the references that we found on this topic. - For the following parameters: Age; Driving Mode; Density; Intercropping; Fertilization; Variety; Yield We just presented the results of investigations: This is a description or characterization of the studied orchards. It is a fact that should not be discussed.

SDI FINAL EVALUATION FORM 1.1

better to put them at the end of the phrases.(optional). 8- Touzani A. Tour d'horizon de l'oleiculture mondiale et programme d'intervention du COI. Olivea. 1998. It should be written in English language as all the paper. 9- Touzani A. Olive farming and the environment. Proc. Of IOOC, Int. Seminar on Genetic Resources, Florence March: 1-12. 1999. Please define the name of the journal if it is published, but if it only mentioned in seminar you can't use as a references. 10- The references must be reviewed again very carefully and please put in your consideration the language, the name of journals and if the data is officially published or not.
