SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Line 18: I think you should be very careful when you say “high safety profile of medicinal plants” because it is known that the indiscriminated use of them can be very dangerous. Why <i>Chrysophyllum albidum</i> is so important? Is this specie of major importance in your country or state? I think you should write a brief paragraph about it.	Agreed. Correction had been effected.
Minor REVISION comments	Line 9 replace ; for : Line 11: Would it not be guide instead of guild in the sentence? Which are the aims of your work? It thas to be clear in the text. Line 139 write the full name of the species <i>B. subtilis</i>, <i>E. coli</i> and <i>C. tetani</i>. After the firts citation you can abreviate them. Line 140 correct the name of <i>Candida</i>	Agreed. Guide is the correct word Correction had been effected.

SDI Review Form 1.6

	<i>albicans</i>. Line 172 separate the words 1.3.5 Anti-plasmodialactivity: Line 183 to 184 the sentences are confusing. The <i>MeCaB</i> only treated and group bled and treated with <i>MeCaB(BMeCaB)</i> continuously for 7 days had...	
<u>Optional/General</u> comments	Is there any study about the toxicity of this plant? I saw in the references but not in the text. I think you should consider writing information about toxicity in the text.	Agreed. Correction had been effected.
