SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>The manuscript is a very clear review of the traditional knowledge of the people of Himalaya mountain about many correlations between possible signals related with weather phenomena. Some of them are obvious (like dark colour of clouds announcing rain) but there are many of them that is necessary to clear that are only popular imagination as stars movement and the earthquake signals....</p> <p>The paper could be published if the author choose at least a couple of very clear weather situations to show the relationships (if any) with the signals mentioned in the manuscript.</p>	
<u>Minor</u> REVISION comments
