Subject: Re: Request for final decision for manuscript number 2013/OR/6137

I cannot accept the manuscript **2013/OR/6137** in its present form. We need to address the following 5 points:

1-Title to be shortened to: PROPTOSIS FROM METASTATIC THYROID CARCINOMA: CASE REPORT AND REVIEW

2-There is no mention of fundus findings in both eyes as thyroid cancers often metastasize to the uvea also

3- the references are old and do not mention newest references especially:

[Papillary carcinoma thyroid with uveal metastases](#). Padma S, Tiwari A, Borde CR, G S S, Palaniswamy SS. Clin Nucl Med. 2013 Feb;38(2):131-4.

[Thyroid](#). 2013 May;23(5):543-51. Choroidal and orbital metastases from thyroid cancer. [Besic N](#), [Luznik Z](#).

4- the authors need to add the following sentence as taken from from Besic reference:

22 uveal and 9 orbital metastases till 2012 from thyroid cancers

5-The English needs revision throughout the text
