

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Ophthalmology Research: An international Journal
Manuscript Number:	2014_OR_9533
Title of the Manuscript:	Non-surgical management of bilateral ectropion in a 5 hours old Collodion baby- a case report

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Corrections have been done significantly but this few should be done not withstanding. Please abstract lacks flow and not grammatically sound. It is also unstructured Recast :Skin biopsy was not done because no histopathologist in our centre. Abstract However it's know to be associated with collodion baby, Down syndrome and black babies(recast) Reference is in superscript. Please confirm journal style and no history suggestive of collodion baby syndrome in the other siblings(recast) In the reference, please remove full stop after the end of a journal.eg ref 10 Dermatol Therapy. 2005; 18: 87-103. Should be Dermatol Therapy 2005; 18: 87-103.	Skin biopsy was not done because there was no histopathology service in our centre. However it is known to be associated with collodion baby, Down syndrome and children of black race there was no history suggestive of collodion baby syndrome in the other siblings done
