SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Remark 1. When you are using "highly active antiretroviral therapy (HAART)" in line 21, in further mention of the term above, you are using only "HAART". Remark 2. The aim of the study should be highly and clearly specified as a separate last paragraph in the "Introduction". Remark 3. Figure 1 and Figure 2 are not compatible with the following text*. *(The specified text is about the number of HIV patients separated in age ranges/clinical stages, while Figures 1 and 2 are presenting the number of patients with anterior and posterior ocular manifestations).	
<u>Minor</u> REVISION comments	Remark 1. In addition of the titles of Figures 3, 4, 5 and 6, descriptions of the posterior segment findings should be implemented. Remark 2. Highly awareness about grammar and spelling mistakes are expected to be implemented into the manuscript*. *(Line 81)
