

**SDI FINAL EVALUATION FORM 1.1**

**PART 1:**

|                          |                                                                                                               |
|--------------------------|---------------------------------------------------------------------------------------------------------------|
| Journal Name:            | <a href="#">Ophthalmology Research: An international Journal</a>                                              |
| Manuscript Number:       | 2013_OR_4562                                                                                                  |
| Title of the Manuscript: | Identification of risk factors for the development of ophthalmopathy in patients with Hashimoto's thyroiditis |

**PART 2:**

| FINAL EVALUATOR'S comments on revised paper (if any)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | Authors' response to final evaluator's comments |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------|
| <ol style="list-style-type: none"><li>1. Page 4, last paragraph: as already mentioned in the first and in the second evaluation, please replace "is triggered is" by "is triggered".</li><li>2. Page 5, first paragraph: please replace "maneifest" with "manifest"</li><li>3. Page 6: please replace "4" with "iv"</li><li>4. Page 7: please replace "iv" with "iii"</li><li>5. Page 8: please replace "Hashimoto thyroiditis" with "Hashimoto's thyroiditis"</li><li>6. Page 9: please replace "Hashimoto thyroiditis" with "Hashimoto's thyroiditis"</li><li>7. Please use "Hashimoto's thyroiditis" instead of "Hashimoto thyroiditis" in the whole manuscript.</li><li>8. The expression "autoimmune thyroiditis" adds unnecessary confusion into the manuscript.</li><li>9. The last reference Yun et al is not numbered.</li><li>10. Tables 3 and 4 have the same title, the same legend, the same parameters, and different numbers. Why are these numbers different? In my opinion, the title of the Table 4 ought to be changed.</li></ol> |                                                 |
