SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Abstract line 9 : correct grammer Line 12: how were the patients followed up? Any post op drugs Line 19-20: check the grammar...three months remaining silk suture? Line 23: surgical technique cannot be a keyword. Consider transverse lid suture instead. Line 28: check grammar Line 30: over a hundred procedures? Are these surgical or medical Line 39: check grammar..effects of removal delay? Line 44: Check grammar..who their lid changes? Line 52-57: please be explicit in the description of the procedure. Do you tie a knot or tape the sutures? Line 67: here 2 patients had stitch abscess but in line 15 it is stated that only one patient has a stitch abscess? Line 70: in 10 years all patients had senile entropic? Is this a recurrence? Line 86: check grammar.....correct to "which responded to medical treatment" Line 87: rephrase sentence to show that this procedure achieved both immediate and long term relief of senile entropion. Line 114: check grammar Line 116: correct grammar Line 121: statement is unclear. What is the most important finding in this research? As compared to which study?	Abstract line 9 : correct grammer Line 12: follow up at 1, 8, 16, weeks periods postoperatively The patient instilled topical betamthason and chloramphenicol every six hour for one week. Line 19-20: check the grammar Line 23: keyword. Consider transverse lid suture instead. Line 28: check grammar Line 30: over a hundred surgical porosidure Line 39: check grammar Line 44: Check grammar Line 52-57: explicit in the description of the procedure. tie a knot Line 67: here 2 patients that one stitch abscess and the other one recurrent of entropion. Line 70: correct 10 years Line 86: correct to "which responded to medical treatment" Line 87: rephrase sentence to the procedure achieved both immediate and long term relief of senile entropion. Line 114: check grammar Line 116: correct grammar Line 121: statement was don clear. Line 175: label figures with small letters e.g. Line 175: ..check grammar of suturing?)

SDI Review Form 1.6

	Line 175: label your figures with either small or capital letters e.g. c and d or C and D but not c and D Line 175: ..check grammar?(before and early of suturing?)
