SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Did you advice any pain-killer, NSAIDs or antibiotics for therapy and prevention of complications in such a case? Discussion, line 57-58: Is it the first report about fractures at the ethmoid bone after nose blowing? If not, please give reference.	Systemic antibiotic therapy that oral ampicillin sulbactam 750 mg two times a day was given the patient for one week long period. However, NSAIDs was not used. We added a reference.
Minor REVISION comments		
Optional/General comments
