

SDI Review Form 1.6

PART 1:

Journal Name:	Physical Review & Research International
Manuscript Number:	MS: 2012 PRRI 2773
Title of the Manuscript:	Application of Non-local Quantum Hydrodynamics to the Description of the Charged Density Waves in the Graphene Crystal Lattice.

General guideline for Peer Review process is available in this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

- This form has total 9 parts. Kindly note that you should use all the parts of this review form.

SDI Review Form 1.6

PART 2: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	In my opinion the paper is not written in a clear manner. The authors have to describe the mathematical model and the results in a concise but understandable and smart way.	We introduced many additional explanations in the text. Would you please to look for example at the new version of Introduction, these parts in the manuscript are highlighted
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
