

SDI FINAL EVALUATION FORM 1.1

PART 1:

| | |
|--------------------------|--|
| Journal Name: | Physical Review & Research International |
| Manuscript Number: | MS: 2012_PRR1_2931 |
| Title of the Manuscript: | Synthesis, X-ray Crystallographic Studies and Antibacterial Screening of 1-(5-(4-Chlorophenyl)thiazol-2-yl)hydrazine hydrobromide. |

PART 2:

| FINAL EVALUATOR'S comments on revised paper (if any) | Authors' response to final evaluator's comments |
|---|--|
| Even I don't accept this method of evaluation of antimicrobial activity if journal decided to accept it as short communication I agree too. | With the emergence of new methods, we can't deny the previous methods used for evaluation in the past. Anyhow, we will replace this method as required in the future studies with more derivatives. We agree with the final decision of the journal. |
