

The authors did not well reply my suggestions as follows:

<p>1 .The "dot" sign of equation (1) is not in the right place. Symbols in equation are not in consistent with descriptions. Check them again.</p>	<p>Corrected. Symbols now conform to the descriptions</p>
<p>(2) There is an extra ")" in the 10 lines of Section 2.2 Aeromagnetic. See in Figure 10)... There are two Section 2.2. Revise Section 2.2 Aeromagnetic to 2.4 Aeromagnetic. Check similar problems for the entire manuscript to make sure it is in good order.</p>	<p>Extra “)” removed accordingly. Section 2.2 changed to 2.4; the entire manuscripts checked and corrected.</p>
