

**SDI Review Form 1.6**

Journal Name:	<a href="#">Physical Science International Journal</a>
Manuscript Number:	2014_PSIJ_8964
Title of the Manuscript:	Effects of Suction and Thermal Radiation on Heat transfer in a Third Grade Fluid over a Vertical Plate
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

**PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>1. All vector and tensor quantities should be in bold face.</p> <p>The graph for temperature should be modified by taking <math>y=0.25</math>. In this way a clear picture of the effects of parameters can be seen.</p>	<p>1. For the sake of identification and clarity, all terms used have been clearly defined and a nomenclature for all abbreviations: alphabetical symbols; Greek symbols and subscripts; has been provided in the manuscript.</p> <p>Two of the graphs for temperature profiles have been modified by taking <math>y \rightarrow \infty</math> as <math>y \rightarrow 1</math> for a clear picture of the parameters' effects.</p>
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	The over all presentation of the manuscript is very good	Thanks.
