

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Physical Science International Journal
Manuscript Number:	2014_PSIJ_9676
Title of the Manuscript:	Analytical investigation of electrons capture time effect on the threshold current density reduction in QD spin-lasers

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>I appreciate the efforts made by the authors of this manuscript during the revision. Some of my comments have been taken into consideration. I would still recommend it for publication.</p> <p>My comments are the followings:</p> <ol style="list-style-type: none"> 1) The words "and discussion" should be deleted in the last sentence of the introduction. 2) In page 5 in the text please replace Fig. 8 presents NSFI versus ... by Fig.10 presents NSFI versus... 3) The reference list should be checked again, for example: There is no difference between [11] and [24]. 4) Finally, there are so many grammatical and spelling mistakes throughout the manuscript. 	<p>Thanks for your accurate survey; according to your opinion, we edit our manuscript.</p>
