Subject: Re: Request for Editorial decision for manuscript number 2014\_PSIJ\_12727

The article „Electromagnetic fields of eigenmodes in spherical resonators“, (**manuscript number 2014\_PSIJ\_12727**) examines a problem that has been developed by a number of authors. The study seeks to provide a solution to the problem of the singularities in the theoretical calculations of the classical electrodynamics.

The applied methods are of interest and the article should be published.
