Subject: Re: Request for Editorial decision for manuscript no 2014/PSIJ/13222

I carefully reviewed the revised manuscript entitled "***Slip Effects on MHD Stagnation Point-Flow and Heat transfer over a Porous Rotating Disk***" and the reviewers comments, when I go through the reviewers comments and author reply, I noticed some improvement in the revised manuscript and two of the reviewers already accepted the manuscript, From editorial point of view, the final decision of this manuscript is **accept.**
