Subject: Re: Request for final decision for manuscript number 2014\_PSIJ\_9933

I carefully reviewed the revised manuscript entitled "**Numerical Simulation of Spin Glass State in Diluted Magnetic Materials Using Ising Spin Model in 2D with Distance Dependent interactions**" and the reviewers comments, I want to mention one point that this manuscript does not belong to my field of expertise but when I go through the reviewers comments and author reply, I noticed some improvement in the revised manuscript and two of the reviewers already accepted the manuscript, From editorial point of view, the final decision of this manuscript is **accept.**

**Editor's Details:**

Mohd Rafatullah

Division of Environmental Technology, School of Industrial Technology, Universiti Sains Malaysia, Malaysia
