SDI Review Form 1.6

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment My general comment is that the object of the paper is interesting and contained results appear to be worthy. It significantly benefits from the new added material, at least up to my knowledge.	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Minor REVISION comments	 Provide all used equations/symbols in math type format instead of picture/image format. Relate your findings with previously published studies. Provide background of study at the start of abstract section. Please add some new references to the article 	
Optional/General comments		

Note: Anonymous Reviewer
