

SDI Review Form 1.6

Journal Name:	Physical Science International Journal
Manuscript Number:	2014_PSIJ_9933
Title of the Manuscript:	Numerical Simulation of Spin Glass State in Diluted Magnetic Materials Using Ising Spin Model in 2D with Distance Dependent interactions
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment The paper "Numerical Simulation of Spin Glass State....." is nicely written with non-trivial results. The systems concerned for the study of phase-transition are useful for understanding the spin glasses at low temperatures. The paper satisfies all criteria for publication in journal.	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	1). Page-2, Correct the spelling of relaying to relying. 2). In the caption of the figure-2, T= 2.8 mentioned but not utilised in the figure
