**PART 1:**

Journal Name:	<a href="#">Physical Review &amp; Research International</a>
Manuscript Number:	2013_PRR1_5813
Title of the Manuscript:	DEVELOPMENT OF DOUBLE MOULD VIBRATION – COMPACTOR BLOCK MOULDING MACHINE FOR DEVELOPING COUNTRIES

**PART 2:**

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>The paper is beginning to take shape though the introduction still needs some re-structuring. Remove the sub-titles with Aim, objectives and just include these things in the section in a paragraph.</p> <p>The last section appears to be both a discussion and a conclusion to title it as such. Is are there any limitations? Plans for further work</p>
