PART 1:

Journal Name:	Physical Science International Journal
Manuscript Number:	2014_PSIJ_12624
Title of the Manuscript:	Dry Sliding Wear Behaviour of Plasma Sprayed Fly Ash Added Red Mud Coatings

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Despite my notification in the 2 nd revision that many errors remain uncorrected, the authors fixed only _very few_ of the errors I indicated during the 1 st and 2 nd revision. There are still problems on nearly every line. Although I stated that I do not wish to act as a proofreader, I still want to give them another chance to show whether they take their own paper seriously. The manuscript with the errors marked in the original file is attached.
