FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>I have looked at the manuscript with the title" <b>Crystal and Molecular structure of Di ((E)-2-(pyridine-2-ylmethylene)hydrazinecarboxamide)cobalt(II) dichloride triaqua</b>" Carefully. I do not believe a respectable journal should publish a manuscript for just a crystal structure.</p> <p>This manuscript can be published, if the author or authors put, NMR, IR, UV-Vis of the complex in the paper.</p>
