

Revised manuscript

Reference No.: PSIJ_17250

Regarding your comments, I'd like to mention some notes:

- **Regarding to the note that you have found a similar titled article in the following link, I could not change the title of my manuscript. So the two papers are quite different.**
- **The manuscript was revised carefully.**
- **According to your statement (In part 3.5(line 1) the unit is not clear(16 k□/□)), I'd like to say this unit means that 16 k□/sq and it is a known unit and is already exists in many published papers. You can check the sheet resistance unit on Google website.**
- **Concerning to the (data not shown), it is as well exist in many published papers. However I have to add some figures instead.**
