

SDI FINAL EVALUATION FORM 1.1

PART 1:

| | |
|--------------------------|--|
| Journal Name: | Physical Science International Journal |
| Manuscript Number: | Ms_PSIJ_18709 |
| Title of the Manuscript: | Charge Radii of B and D mesons in a Quark Model with two loop static potential |
| Type of Article | Original Research Article |

PART 2:

| FINAL EVALUATOR'S comments on revised paper (if any) | Authors' response to final evaluator's comments |
|---|---|
| <p>1- The authors did not modify any of the points in the paper as I listed in a table in the last comments.</p> <p>2- Although the authors tried to reply to #2, 3, they did not explain the physics of α_v and did not explain the difference between the different schemes.</p> <p>3- The authors compare their calculations with the results in ref.[9] 2002, It is important to update their work and support it by recent references.</p> | <p>1. We have modified the introduction part in the paper.</p> <p>2. The difference of α_v and α_s is tried to incorporate in the revised version.</p> <p>3. Some more results are included in the table including a recent one (BJH and DKC, Pramana-J of Physics, January 2015)</p> |
