

SDI Review Form 1.6

Journal Name:	Physical Science International Journal
Manuscript Number:	2015_PSIJ_18291
Title of the Manuscript:	ELECTRO-GRAVITY VIA GEOMETRIC CHRONON FIELD
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	“The main philosophy behind this paper under peer review, is that in Modern Physics Particles should emerge from Geometry (which was , near a century ago, also an Elie Cartan's purpose for Physics),stochastic processes and stochastic calculus, and not from algebra, which is nowadays like a mainstream of the Theoretical Physics procedure. In this way, I think this paper is well written and the calculus are all correct .In my view, It deserves to be published as it is presented, without corrections or amendments.”	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
