**SDI Review Form 1.6**

**PART 1: Review Comments**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b><u>Compulsory</u></b> REVISION comments	<b>The paper is a good intent to explain the discrepancies between the expansion rates and the quasi-null matter existence in the Universe.</b>	
<b><u>Minor</u></b> REVISION comments		
<b><u>Optional/General</u></b> comments	Now we could have that prove this with other arguments, for example microscopic to have observational fact that can prove this.	

**Reviewer Details:**
