SCIENCEDOMAIN international

SDI Review Form 1.6

Journal Name:	Physical Science International Journal
Manuscript Number:	2015_PSIJ_16692
Title of the Manuscript:	The Effect of ZnO nanoparticles Filler on theComplex Permittivity of ZnO-PCL nanocomposite at Microwave Frequency
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that \underline{NO} manuscript should be rejected only on the basis of 'lack of Novelty', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION Comments		
Minor REVISION comments	The authors have determined experimentally the complex permittivity of ZnO-PCL nanocomposites with the ZnO nanoparticle. Their experimental results are good. However, there are several grammatical mistakes such as in Abstract 2 nd line: particles wereThe composites were Line 36 is not clear. The authors should correct all the grammatical mistakes in the manuscript. Please make line 36 clear. With this revision, this manuscript can be published in Physical Science International Journal.	
Optional/General comments
